

The Casino Dice Trade List

2006 Edition

This is the first edition of my new casino dice trade list. You find all available dice listed by the location of the casino. Many information are still missing. I am going to update this list in the next few months with pictures and other information. Please contact me by e-mail with any questions and I can send you a scan of the dice.

Since three years www.diceman.us is the place on the internet to

BUY

SELL

- or -

TRADE

used casino dice.

I am always interested to add new dice to my collection
and I will buy from a single die to entire collections.
